The Misses Woolls were hostesses to
the Epworth Leaguers Tuesday even-
ing. The social was scheduled for
Monday night but was postponed until
the following evening on account of
the rain. A good crowd was in attend-

spent by the young people.

Little Otilia, daughter of Mr. and
Mrs. Chas. Davis, aged about ten
years, had the misfortune to receive a
"kick" from the engine of an automo-
bile Sunday, breaking both bones of
her arm. Surgical assistance was im-
mediately procured and little Otilia

These young men are members of pro-
minent families of the country, and while
it is hardly probable that they will ever
see service in Europe unless the war
is protracted beyond what is now ex-
pected by the people generally, one
thing is certain, should fate decree
that they engage in the great battles
beyond the ocean they will prove an
honor to the uniforms they wear.

Hondo Mercantile Co.

County Board of Education.

The Medina County Board of Education together with a number of the trustees of the rural districts, met as per call on the 3rd day of Sept. in Hondo, Texas.

Members present: Mr. A. L. Heyen, Chairman; Mr. C. M. Thompson, Mr. J. S. Roberson, and W. N. Saathoff, Sec. of Board.

Following districts were represented: No. 12, 13, 15, 27, 30, 33 and 34.

The program was well rendered. Sup't. Saathoff dwelt at length upon the subject of "Responsibility of selecting the Teacher." Setting forth that the vital quality of a school is its tone, and that the tone is given out by the teacher, which will make the dull pupil get in harmony with the complex machine. The teacher should be an ideal of conduct and not only formulate rules of conduct. Children will copy after teachers, hence the need of men and women in the profession, who will lead our boys and girls to moral victories, for such make true American Citizens.

Mr. Thompson urged that the men living in town and own ranches, need to get in harmony with the rural districts, and encourage better school facilities for the boy on the farm. One is absolutely dependent on the other, and should go hand in hand, for harmony and unity brings victory. In order to bring about this harmony we need broad minded men who make the best trustees.

Judge Noonan said among other things, "Man is valued not according to his wealth but according to his educational qualification. Education broadens a man for usefulness and prepares him for the complex duties in life. It gives greater earning capacity, greater possibilities, greater responsibilities and greater opportunities for service."

Prof. T. C. Hickman spoke on school equipment. He stressed the need of better school buildings, desks, maps, globes, laboratories for manual training and domestic economy. He spoke of this age as a "fast" age for doing things. The essential thing of a well equipped school is a well selected library, containing books of every description suited for the best schools, with a wide awake teacher, knowing how to manipulate things to the best interest and advantage of the school.

It is recommended by the Co. Board that the compulsory term for 1917-18 should begin at the 5th day of November, that being the first day of the beginning of the third month.

The Board further recommends that fewer holidays should be granted the schools, unless appropriate exercises are held on said occasion.

School Notes.

I wish to state to the patrons and pupils of our school, that there will be but four changes in the course of study or changes of books in the courses. There will be a few changes however as following:

There will be a change made in the grammar school. The departmental work will be with the fifth, sixth and seventh grade. The same text will be used with each except the ~~second~~ ^{third}, which will be Physiology the first term added in the place of geography.

In the High School department there will be no change in English, Science and History. Solid Geometry will be required in second term senior year. Those deficient in Algebra can review with 9th grade. There will be only a three years course in Latin. The 9th grade will continue their latin as started, however.

There will be some changes in the texts for Spanish and Latin. Do not buy second-hand books.

I will ask the parents not to buy second hand books that are all marked up, as it robs the child of the opportunity to think for its self.

I shall be pleased to meet as many of you as can be present Monday morning, Sept. 17.

I wish to thank every one for their support and encouragement in the past and now ask you to continue the same and make our school first rank this year.

Yours respectfully

J. W. PEELER, Superintendent.

Sunset Limited Wrecked.

One of the worst wrecks that has occurred on the Southern Pacific for a long time occurred at 6:55 Tuesday morning when the Sunset Limited, the fast California train, was wrecked between Lacoste and Noonan. Just what caused the wrecked has not been stated.

The entire train except the engine left the track and the cars thrown helter-skelter along the right-of-way, the diner catching fire and being completely destroyed. That there was not an appalling loss of life is a tribute to the steel cars; had the old wooden coaches still been in use a frightful casualty list would have been inevitable. As it was no one was killed, and of the nineteen injured only one or two were critically hurt.

Traffic was pretty effectually blocked for most of the day.

Red Cross Notice.

Beginning with Monday the "Red Cross" will meet in afternoons, only, at two o'clock. Don't forget the days: Monday, Wednesday, Friday.

A TWICE-TOLD TALE.

One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a San Antonio man is confirmed after three years.

Thos. W. Conaway, grocer, 517 S. Hackberry St., San Antonio, Texas, says: "I was troubled by rheumatic pains and backache during damp weather or when I had caught a cold. I was on my feet a good deal and had to do quite heavy lifting occasionally and I think it helped to bring on the trouble. I began taking Doan's Kidney Pills, and they helped me right away. I have frequently told others about Doan's and am always glad to say a good word for them." (Statement given December 13, 1913).

No Trouble Since.

On June 4, 1917, Mr. Conaway said: "I first publicly recommended Doan's Kidney Pills in 1913 and I am pleased to say I have had no return of backache or other kidney trouble since Doan's cured me."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conaway had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The Rain.

After several days of threatening weather rain began gently falling in Hondo about 6:00 o'clock Monday evening and continued for about four hours, the precipitation totaling, however, only about 0.51 of an inch in Hondo and vicinity.

But old Jupiter Pluvius was more considerate to other portions of the county; from north, west and south, come reports of heavy down-pours. Probably the northern portion of the county came in for the most generous portion, that section reporting from three to five inches; the Yancey section also came in for a terrific rain, the precipitation in that part of the county being estimated at two to four inches. All tanks were filled to overflowing, dry creeks and branches were converted into raging torrents, and water for range stock is a worry that is passed by the people of the favored sections for months to come.

The immediate section around Hondo is still deficient in moisture, and the passing of the rainy spell with such a light fall of rain is a grievous disappointment to our people.

In the favored sections the farmers have gone to work with a will. Never in the early spring have farmers been more busy than they are now. They are bending every effort to getting all kinds of feed crops in the ground at the earliest possible moment in the confident hope that they will mature before cold weather sets in. That their efforts may be crowned with success is the ardent wish of everyone.

Musical Recital.

Quite a crowd of Hondo music lovers gathered on the beautiful lawn at the home of Mr. and Mrs. D. W. Short Friday night to enjoy the musical recital given by Mrs. Lillian Law.

Mrs. Law has been employed to teach music in the school for the following term, and from the program so beautifully rendered we consider that Hondo has indeed been fortunate to procure such a proficient teacher.

Mrs. Law was assisted by Mr. Allen of Sabinal who afterward, by request, gave several beautiful selections which were enjoyed very much by all present.

The following program was rendered:

1. Valse Brillante, Chopin Op. 34, No. 1.
2. (a) Hark! Hark! The Lark, Franz Litz.
- (b) To Spring, Grieg, Op. 34 No. 1.
- (c) Fantasia in D Minor, Mozart.
3. (a) Sextette, Andante Finale from Lucia Di Lammermoor, Leschetzky.
- (b) Caprici Celebre D'apres Paganini, Robert Schumann Op. 3 No. 2.
4. (a) Tears and Smiles, Protheroe.
- (b) A Mammy's Song, Gillitte.
- (c) O Mighty Land, Grieg.
5. Star Spangled Banner, By All Present.

The Mothers' Club wishes to thank Mr. and Mrs. Short for their hospitality in giving their home for the recital, and also Prof. Peeler and the Boy Scouts for their services in arranging chairs, ferns, etc. on the lawn.

Company C Passed Through.

One of the largest crowds ever assembled at the depot was present yesterday morning when the 9:35 train pulled in from the west, bringing Company C, 1st Texas Infantry, en route from the temporary camp at Uvalde to the permanent camp at Fort Worth. Information was circulated yesterday that the troop would pass through Friday morning, and as a large number of Medina county boys are members of this company their parents, relatives, sweethearts, friends and the public in general turned out en masse to meet and greet them.

Company C, composed of as handsome a set of young men as ever donned a uniform, are already browned and hardened to camp life, and were about as jolly a crowd as ever set out on a serious business. But the reception they received yesterday was but a tame affair compared to the one they will receive when the world again settles down from the turmoil it is now in, and our boys return home, lay aside the weapons of war and again take up peaceful avocations.

Medina county is proud of her citizen soldiers and trust that a kind providence will watch over and return them unscathed to their homes, their families and friends.

Services at the Catholic Church.

During the summer months the hours of services at the church of St. John the Evangelist will be as follows:

Sunday, A. M., High Mass.
Sunday School after Mass.
7:30 P. M., evening services.
On week-days Holy Mass is celebrated at 7:30 A. M.

Almond Sandwiches.

Almond sandwiches of all varieties are delicious for the tea table. Cut the bread in thin slices, spread with butter and put on a layer of finely chopped almonds, to which has been added a light sprinkling of salt and a dash of lemon juice; lay over another slice of buttered bread, cut into small ovals and press a blanched nut in the center.

Submarine Practice.

Submarine practice is a daily feature on board English and American passenger ships crossing the Atlantic. A small black box, flying a black flag, is lowered and allowed to float a certain distance away from the vessel. Then the gunners open fire on the "Kaiser," as the black box with its piratical flag is named.

Movie in One Reel.

"You're a picture," ventured the fresh youth, taking a seat beside a pretty girl.

"A moving picture, at that," she responded as she transferred herself to a place across the aisle.

Unselfish Ideal.

"Do you want to vote?" "Only incidentally," replied the superior woman. "My desire is to reform politics in our community so that its influence and associations will be proper for my husband."

In the Mud Zone.

"Leather is likely to be very scarce." "I don't much care," replied Mr. Crosslots. "Out where I live there isn't much use of bothering about anything except rubber boots."

To Beat Eggs.

If you rinse a plate with cold water before breaking eggs on it, and add to them a pinch of salt and then stand where there is a current of air, you will have no difficulty in beating them to froth.

To Eat Seal Meat.

Scarcity of meat in Norway has impelled the Revictualling commission to introduce the flesh of seals to the public. Whale meat was a favorite food in France in the middle ages, and whale's tongue was prized as a delicacy. But whales have become scarce in European waters of late years and their meat is rare. Seals, however, are killed by the thousand every spring on the coasts of northern Norway, Spitzbergen and Nova Zembla. Sealers brought 60,000 carcasses to Norway last year. These are not the fur seals, but those from whose skin leather is made.

To foster the use of seal meat the commission has sent woman lecturers in household economics to give public demonstrations of the best ways to cook it.

Business Notice.

Owing to the lateness of the cotton crop and the scarcity of money, we have decided to extend for a short time the period in which our present subscribers can renew at the old rate of one dollar a year. We hope those who desire to take advantage of this opportunity will do so at once as we can not keep the offer open indefinitely nor can we call on each of you personally.

There are a few who have allowed themselves to get in arrears. Statements are being sent to these. If you wish to secure this saving add to the amount of your statement whatever amount you wish to pay in advance and you will be credited ahead that amount at the old rate of a dollar a year. The paper is a dollar and a half to all new subscribers.

We know times are hard and money scarce, but we are all in the same straits. So do what you can—and do it now—for the old home paper. You'll miss it and your family will miss it if it stops coming, and two cigars less a month will more than pay for it.

Hoping you will appreciate our position and come to our assistance, we are yours to serve.

Remember, the Anvil Herald wants a correspondent from every neighborhood in the county. Send in the neighborhood happenings. Your communication in many instances would be as much appreciated as a personal letter by your friends in other parts of the county.

An Industrial Mission.

American Methodists are initiating successful industrial educational work in Borneo. One method of financing it is both novel and practical. The Sitiawan industrial school is deriving revenue from rubber trees planted in 1910. Nearly twenty acres are beginning to bear, and the income will go to the support of boys whose families are unable to pay the usual boarding fee. Thirty more acres are to be planted with rubber and coconut.

Practical Use.

The development well that is being sunk on the Noonan ranch, near Noonan station, is down about 700 feet and fine progress is now being made after a series of vexatious delays. This well is being sunk by an Oklahoma company in a search for oil and their contract calls for a well 1800 feet deep but in the event oil is not found at that depth then it is the purpose of the company to go down another 1,000 feet. An oil field is thought to exist in this section and the development work now going on will be watched with keen interest by our people.

JUDGE KYSER NOW ENDORSES TANLAC
 Well Known Public Man of Austin Says, "It Put Me in Better Shape Than I've Been for Years."

One of the distinguishing features of the introduction and phenomenal popularity of Tanlac in Texas and throughout the South, is the large number of prominent men who have come forward and given the medicine their unqualified endorsements because of the benefits they have derived from its use.

Judge G. W. Kyser, 1204 West Ninth Street, Austin, Texas, in a recent interview, made the following statement:

"Tanlac is rapidly making me over into a new man and I will always speak a good word for it when I have the opportunity."

Judge Kyser served in the Civil War with the 32nd Texas Cavalry under Colonel Woods and the Confederate veteran needs no introduction to the Southern born man or woman. The Judge occupied the bench in Caldwell county for twenty years and resigned this office to accept the appointment as commissioner of pensions under Governor Colquitt. After eighteen months in this high office, he was compelled, on account of failing health, to retire from active life. He is not only one of Austin's most highly respected citizens, but is prominently known throughout the State.

"I have suffered from constipation for years," continued Judge Kyser. "I had rheumatic pains all over my body, was restless and couldn't sleep at all well. I was stupid and tired, my mind seemed to be sluggish, and at times I couldn't think. I had no energy and suffered frequently from headaches. And, on top of my other troubles, about a month ago, a few days before I began taking Tanlac, I took a severe cold which left me with a pain in my chest and a dreadful cough—I couldn't rest at night for coughing—and to be frank about it, I was just about played out."

"But I'm feeling like a different man now, thanks to Tanlac. I saw it advertised and began taking it and two bottles have put me in better shape than I have been in months, and that is a fact; it's the best medicine I ever took. I eat hearty and sleep well, my rheumatic pains and cough are all gone and I feel more active and energetic than I have in a long time. In fact, I'm feeling fine now and nothing has helped me but Tanlac. I recommend it to my friends as the best medicine I have ever found to build up a weak, run-down system and to restore lost health and vigor."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

WHAT CATARRH IS
 It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil food in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it.

BACKACHE, SWELLING OF HANDS AND FEET.

Dear Editor:

"I appeal to those of your readers who are bothered with backache and a constant tired feeling to give 'Anurie' a trial. It has been recently discovered by Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. I suffered from backache, swelling of hands and feet, too frequent excretion from the kidneys and many other symptoms. Was unable to work, but after taking just one box of 'Anurie' according to directions I am again able to perform my daily duties." (Signed) W. R. BRAY.

NOTE.—If you've never used the "Anurie," cut this out and send 10 cents to Dr. Pierce for a large sample package. This will prove to you that "Anurie" is 37 times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector, as well as relieving pains of rheumatism, lumbago, neuralgia. Experience the Best Teacher. It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effective and pleasant to take.

A. McBride, Headford, Ont. If you are troubled with indigestion or constipation, give them a trial. They will do you good.

Who Writes the Obituary?

A few days ago a subscriber who is a well known citizen came to our office and stopped his paper for the reason, he said, that it did not just suit his fancy. We have since met him on the street, and it is amusing to note the look of surprise on his face that we are in existence, despite the fact that he stopped his paper.

Some day, and it won't be long either, that gentleman will be no more. His heart will be still forever. Neighbors and friends will follow his lifeless clay to the silent city and lay him to rest among silent flowers. An obituary will be published in these columns telling what a good neighbor and beloved citizen he was—which the recording angel will overlook for charity's sake—and in a short time he will be forgotten. As he lies out there in the cold, cold graveyard, wrapped in the silent shroud of death, he will never know the last kind word spoken for him by the editor of the paper which he so spitefully "stopped." Did you ever pause for a moment and think that your editor, whoever he may be, will write your obituary some day?—Plainfield (N. J.) Record.

Has a High Opinion of Chamberlain's Tablets.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs. C. A. Barnes, Charleston, Ill. "I have never found anything so mild and pleasant to use. My brother has also used these tablets with satisfactory results."

SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

WUNDERBART

LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, and is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin. Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

WINE HUNTING IS HIS JOB

Englishman With Perilous Occupation Is Equipped With an Artificial Jawbone.

Arthur Hasdley, whose specialty is shooting the contact horns, or triggers, of German mines, arrived the other day from a British port to rest up after two years' service in rolling travelers, capturing or destroying mines, the New York Sun states. He is equipped with an artificial jawbone, a silver brace that takes the place of a piece of bone in his left leg and has lost three fingers of his left hand.

He got the worst of his wounds when he was mine sharpshooter aboard the trawler Grace McRae in December, 1914. The boat hit a mine, and when Hasdley came to the surface the Grace was descending in showers of wood and steel and iron. He found a piece of wreckage big enough to support him and was picked up several hours later and sent to the hospital.

Three months ago he was blown up with the trawler Commodore Bradford when it struck a mine. He will return to the mine hunt within a few months.

The Disappointed Husband.

An officer commanding a company of Moroccans recently saw before him one of his men making signs indicating the greatest anger as he brandished a paper, says Le Cri de Paris. "They told me," said the Moroccan, "that my wife had married again. I did not believe. I wrote to find out, and here is the answer of the administrator: 'In response to your letter of May 18, I have the honor to make known to you that your wife has married one named Ransdane Mohammed. He has placed in my hands to reimburse you the sum of 150 francs that you paid to her parents for her.' And the Moroccan added: 'Let her quit me; that's all right. But this new husband gives me only 150 francs. I paid 300 for her. This is unjust. She is yet worth 200 francs.'"

Good for Biliousness. "I took two of Chamberlain's Tablets last night, and I feel fifty per cent. better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all dealers.

NEEDED SILENCING

"Let me show you this. It's the latest cry in waistcoats." "Does a muffler go with it?"

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.
